

L9 Titan

Built-in Wood Stove

If you're looking for a huge hearth for the home, the beautiful Titan is the largest fireplace in the Hydrofire collection. Fully cast iron, this premium built-in unit gives you the heating capability of a huge fireplace but takes up no space at all. Weighing a sturdy 146kgs, it can hold wood logs up to 700mm, so throw a few logs inside and relax as you feel the warmth spread throughout your home. Like an artwork mounted on the wall, the huge glass window grants a full view of the hypnotic flames dancing inside. All our fireplaces are imported from Europe and boast a strict CE certification, so you know you can rely on the quality of any unit you purchase from Hydrofire. Just to ensure you sleep well at night, they come with a 5-year warranty too.

Install with either 150mm or 180mm flues with appropriate reducer.
